Farmers Told Forest Good Income Source

Many farmers could add a substantial amount to their income by properly managing farm woodlands.

This was brought out at the Forestry Visiting Day here today by F. M. Meade, forester with the University of Arkansas, on a tour of forest research projects at the Southwest Branch Agricultural Experiment Station, Cecil Bittie, assistant director in charge of the station, presided over the program. Over 250 persons attended.

A woodland at the station typical of the pine or pine-hardwood lands of this region was cited as an example of a woodland that had been cultivated into a profitable crop from an acreage heavily cut over and severely burned before its acquisition. During the past 10 years the 25.7 acre woodland has produced an average annual cut of 240 board feet an acre with a total roadside value of about \$3,200, Meade said. Additional annual growth for the period that was cut averaged 126 board feet, making a total of 372 board feet an acre.

Other highlights of the tour, which began at 10 a. m. were seed source and species evaluations, slash pile and woodland density studies, pine spacing test and mechanical and chemical hardwood control.

Dr. Robert Zahner, with the Southern Forest Experiment Station, Crossett, started the afternoon program with a discussion of soil site classification for pine lands.

"When timberland is adequately stocked with trees over 20 or 30 years old, its productivity is easily assessed by measuring the trees. Much forest land, however, is not adequately stocked. Estimates of pine site quality in young stands, open fields, cut-over forests, and upland hardwood types must be based on soil and topographic features," he summarized.

He explained soil features to look for in estimating pine site quality, how to recognize and measure these features, and how they affect pine growth. Dr. Zahner outlined the application of a handbook he wrote on field procedures for soil site classification and gave a field demonstration.

In telling about pine tip moth controls, Dr. Lloyd Warren, associate entomologist with the University, compared the relative effectiveness of five insecticides that were applied with a compressed air sprayer.

On the basis of tree growth, he ranked them this way in the order of their relative performance: DDT, malathion, endrin, and sevin. Toxaphene resulted in the loss of growth.

Gordon Barnes, Extension entomologist, elaborated on the overall insect situation. He named three groups of insects as being most troublesome: Bark beetle, reproduction weevils, and turpentine beetle. He recommended management practices and chemical control for these pests.

Also participating in the program was Truman Piffer of the Arkansas State Forestry Commission. He discussed management.

Interprets a Law on New Orleans Nudes

NEW ORLEANS (AP) — Is it against the law for a woman in New Orleans to wear nothing above her waist in public?

The district attorney's office says no unless there is a lewd performance.

The city attorney's office disagrees and says a city ordinance prohibits "indecent or lewd public exposure of the female breast." The city ordinance also makes it an offense to view anything like that.

The question arose after police had arrested a barmaid in a Canal Street bar, Constance Rushing, 20, for working while nude from the waist up. Her employer also was arrested.

The district attorney's office refused Wednesday to accept the complaint in state court. So police filed the charges in city court Thursday. The case will be tried later.

McClellan in Attack on U. S. Court

DE WITT, Ark. (AP) — Sen. John L. McClellan (D-Ark.) delivered a sweeping attack on the U. S. Supreme Court in a speech here last night.

He charged the high court had disregarded the Constitution and established its own concept of society in making desegregation rulings.

Before the court intervened, McClellan told a meeting of the Arkansas Rice Promoters Assn., individual states had the right to run local affairs — especially school matters.

"But the Supreme Court overrode the Constitution," McClellan said.

The senator added that criticism of the high court might "put him in the doghouse at Washington."

"But if I'm there, just let them go ahead and dig it on down to the cellar," he told an applauding audience.

McClellan said he respected the court, but they should operate under the fundamentals laid down in the Constitution. He said the court should set up a society the Constitution did not recognize.

On another topic, the senator struck at Paul Butler, national chairman of the Democratic Party. McClellan said Butler's recent criticisms of the South on racial matters were ridiculous.

"I'm Democrat and I intend to remain a Democrat," McClellan asserted, "but I'm not going to let Paul Butler make me the kind of Democrat he is."

Theme of the senators address to the 400 farmers and rice growers at the meeting was "Inability," he discussed what he termed "instabilities of the judiciary, labor, United States fiscal affairs, and international relations."

He recommended dropping the greatest portion of foreign aid, declaring that three-fourths of such aid was being thrown away. McClellan said he voted for the Marshall Plan but it had become obvious that the United States could not buy friends.

Lasting world peace is not in sight, McClellan said. He cited arms race in weapons, technology and education and expressed a belief that "those who control outer space will control the world."

McClellan attacked Tompkins Union President James Hoffa. He said Hoffa wants to get control of all major unions and warned that any such drive must be blocked or the nation would be crippled.

Couple Almost Dies Together

SALT LAKE CITY (AP) — Mr. and Mrs. J. C. Jacobs were giving a dinner party for their daughter and son-in-law.

During the meal, Jacobs suffered a heart attack and died.

"I want to go too. I can't live without him," his wife sobbed as her daughter tried to comfort her. Union Mrs. Jacobs collapsed and within minutes, she was dead.

The couple, both 70, had been married 47 years.

Four Killed in Car-Truck Crash

ENGLAND, Ark. (AP) — An automobile hit a bridge abutment and veered into the path of a massive trailer-truck near here last night. Four Negro men in the car were killed when the two vehicles crashed together.

The truck driver suffered only a slight leg injury.

Dead are Josephus Raynor Sr., 45, Elmer Coleman Sr. and Esau Coleman Jr., 19, and Robert Lee Raynor, 23, all of nearby Ali Rock.

The collision occurred on state Highway 30 about three miles north of England. State police said Raynor was believed to have been driving the automobile.

RESCUED — Johnny Carmichael, two-year-old son of an oil company district manager near Magnolia, Ark., is held by his father after being rescued from an 11-foot-deep hole near his home. The hole had been dug for a lightning rod to protect oil storage tanks. Some 50 oil field workers hand-dug a sloping trench to reach the trapped boy. Dr. Charles A. Kelly examined the boy at the scene and said he appeared uninjured. — NEA-Telephoto

The Beastly Bears Are at It Again

HOXIE, Ark. (AP) — Those bears ambled into a cotton field near Hoxie yesterday and a group of pickers took off in a hurry.

It happened on the J.S. Felton farm about two miles east of here, near Jonesboro. Some 20 miles away, bears made visits Monday and Tuesday. The first got into a chicken yard and the householder drove the brute away with a shovel.

And the second bear walked into a residential area, causing concern and a police decision to shoot any further intruders.

So far no injuries to humans by bears have been reported.

Mrs. Nova Jewel Dowdy, daughter of farmer Felton, said none of the pickers in the cotton field could describe the animal in detail.

"They left too fast and were too scared," she said.

"A lot of persons in this area are wondering where the bears come from."

Arkansas Game & Fish Commission recently imported some black bears from Minnesota for the announced purpose of giving variety to wildlife.

But Nelson Cox, director of the commission, agreed with earlier statements by Tom Mull, education director of the agency, that the Jonesboro bears were not among the 28 imported.

Cox said descriptions of the Jonesboro bears don't tally with characteristics of the Minnesota bears, and both Jonesboro and Hoxie are too distant from the Bald Knob area where the commission released its bears.

He said it would be permissible to kill a bear molesting persons or property although it is illegal to hunt the animals in Arkansas.

Cox added a warning to anyone firing at a bear. Make it a killing shot because a wounded bruin can be mighty dangerous.

Truman Backs Ruling on Segregation

BOSTON (AP) — Former President Harry S. Truman braved the wrath of Southern Democrats last night by making it abundantly clear the Supreme Court school integration decision has his full backing.

With an eye to the 1960 presidential election as well as to next month's congressional contests, he told a rousing party rally here the decision is not only the law but it is morally right.

The address in which he accused President Eisenhower of dodging his "moral responsibility" to support the Court, wound up the scrappy Missourian's 1958 campaigning, except for a final speech at St. Louis Nov. 1.

By failure to give "proper leadership" at the "proper time" over the last four years, Truman said, the way was left wide open for a wave of violence by "crackpots and extremists."

The President, Truman said, to a cheering crowd that overflowed the Scranton Plaza's main ballroom and overflowed into adjoining rooms, "has never told the nation that he believed the Supreme Court decision was morally right."

He has carefully avoided stating his views on that subject.

As his own views, Truman said, they are in line with those of the late Pope Pius XII when he said, "God did not create a human family made up of segregated, dissociated, mutually independent members."

That Truman made clear in an earlier interview didn't mean he favored racial segregation, he said.

FOR LITERATURE — Russian poet and novelist Boris Pasternak, whose novel "Dr. Zhivago" has been banned in Russia, won the \$41,250 Nobel Prize for Literature. It was announced in Stockholm, Sweden. Pasternak was the first Russian in 25 years to win the award. — NEA-Telephoto

Rockefeller, Nixon Dine in New York

by THE ASSOCIATED PRESS

Vice President Nixon and Nelson Rockefeller, a potential Republican presidential rival for 1960, breakfasted together today. Both insisted they weren't even thinking about things on the other side of this year's election.

The harmony demonstration was hastily set up in New York City after an episode Thursday night in which Rockefeller, GOP candidate for governor, didn't open a dinner for Nixon.

Afterward the vice president hurried away to catch a plane for Wisconsin to carry on his campaign for election of a Republican Congress in the voting a week from Tuesday.

Some Democrats were turning campaign aims more directly on President Eisenhower as leader of their opposition, with an accusation that he has shirked leadership in the school integration controversy.

But the democrats had their own internal squabbles to deal with. For instance National Chairman Paul M. Butler was complaining Thursday night that he was being "smothered" by the party.

That Truman made clear in an earlier interview didn't mean he favored racial segregation, he said.

Minister Is Trapped in a Woman's Room

OAKLAND, Calif. (AP) — A Baptist minister resigned Thursday after tugging police of his entrapment in a former prostitute's bedroom by her husband and another man. He accused the trio of attempting extortion.

Officials of the First Baptist Church of Oakland withheld immediate acceptance of Dr. Ronald K. Adams' resignation saying "this is no time for hasty judgments."

The shapely woman denied taking part in an extortion plot and declared: "I've always had a strong desire for him."

Adams, 36, father of three, told police he was with Mrs. Virginia McFarren, 28, in her bedroom Tuesday night when her husband, Ronald, and Ronald Lawrence popped out of a closet with flash cameras.

"They snapped pictures, the minister said, then threatened exposure to his wife and congregation unless he gave them \$5,000."

McFarren, 28, unemployed Oakland boiler operator who went under the name of "Jack Michaels," has a pretty criminal record dating back to 1947, police said.

Mrs. McFarren was arrested in 1949, and 1953 on prostitution charges.

Police said Lawrence, 30, an unemployed carnival worker from nearby San Leandro, has a record of arrests going back to 1943 and was set to Alameda State Hospital in 1955 as a sex psycho.

The three were jailed on charges of conspiracy and attempted extortion. They denied the charges.

McFarren declared she had set the trap in order to get evidence for a divorce.

Mrs. McFarren said she had been going to Dr. Adams for spiritual advice once a week during the three years he has been in Oakland. "I love him," she declared. "I've always had a strong desire for him."

Woman Tries to Pet Lion, Arm Broken

POMONA, Calif. (AP) — An African lion broke and gashed a woman's arm when she reached into its cage to pet it.

The beast was shot to death Thursday by its owner when blows with a two-by-four failed to make it release Mrs. Mary Somerville's arm.

Mrs. Somerville and friends had gone to the home of Jack Wilder to see his lion. Wilder is starting a zoo for the children in nearby Chino.

All Around Town

By The Star Staff

Efforts are being made to take the Hope High band on that special train to Conway but the goal looks far far away. The Band Mothers are appealing for the public to help out by purchasing railway tickets for members.

One downtown business house purchased 10 tickets for the band yesterday. Others are asked to help as much as they can. Just contact the band building office if you wish to aid. Incidentally the minimum for the train is 300, says Jack King, and that many tickets have to be sold by next Tuesday.

Jack says the Boosters club meetings will meet in the Band building from now on.

Wesleyan Service Guilds of First Methodist Church invites the public to attend a forum on "Know Your Amendments" to be voted on the general election next month.

An unbiased and impartial explanation of the various amendments will be given.

Dulles Charges China Throwing Up Roadblocks

By JOHN M. HIGHTOWER 4

WASHINGTON (AP) — Secretary of State Dulles charged today the Chinese Communists are trying to "throw roadblocks" in the way of efforts to pacify the Formosa Strait.

Dulles made the accusation in a statement at the White House. He had just reported to President Eisenhower on his conference with President Chiang Kai-shek of Nationalist China.

The secretary said the Communists are trying to achieve domination of the western Pacific by combined use of military and propaganda means. He declared his confidence that their efforts will be defeated.

"All of the free countries of the Far East increasingly realize that Chinese Communism is a mortal danger," he said.

"They are threatened by the manifest power of the United States and our stand against resort in the face of armed aggression."

"The will of the free peoples of Asia to resist Chinese Communism intrusions is, I judge, more solid than ever before."

Returning from his conferences with Chiang, Dulles reached here after midnight. He reported to Eisenhower after a few hours of rest.

He and Chiang had joined Thursday in a statement in which the Nationalists renounced the use of force as a means of returning to the Red-ruled mainland.

Fisherman Safe After 5 Days Afloat

ST. PETERSBURG, Fla. (AP) — A sea-weary fisherman, rescued safely today after five days afloat on a yellow raft, the last 24 hours with his dead skipper.

Alvin Turner was reported in generally good condition at Mount Park Hospital where he was taken for observation.

Rescue came too late for the captain of the Virginia Mae, Frank Devane. He died 24 hours before the fishing boat Jackie C. made the pick up 65 miles off St. Petersburg in the Gulf of Mexico.

The Coast Guard cutter Nemesis docked this morning with Turner. The Jackie C. took Devane's body to Tampa.

Lt. Cmdr. W. G. Patridge, skipper of the Nemesis, said the Virginia Mae had broken up and had sunk Saturday night during a storm.

Turner told Patridge the raft carried no food or water. They subsisted, he said, by catching fish with their hands.

The 50-foot diesel-powered craft was last seen Saturday afternoon about 80 miles off Cedar Key, headed northwest for St. Petersburg, the men's home, with 1,000 pounds of fish caught in the Gulf.

The raft was spotted about 90 miles south of that point by a search plane. The Coast guard directed the two fishing boats to the scene.

Grocery Store Damaged by Fire

Harris neighborhood grocery on Bell Street was damaged by fire late yesterday afternoon. Local firemen put out the blaze. The store is located near the handle mill.

Hope Fades for 91 Miners Trapped by Violent Rock Shift

SPRINGHILL, N.S. (AP) — A violent shift of rock in the depths of a coal mine today trapped 91 men, six of them supervisors. Hope of rescue grew dimmer by the hour.

Eighty miners had reached safety. One body was recovered. A company spokesman belatedly announced that six supervisors were with 85 men still trapped hours after tons of rock and coal had tumbled down from the tunnel roofs, choking the passageways.

After talking with the rescued men Arnold Patterson, a coal company spokesman, said:

"The situation is not encouraging. It looks pretty grim. We are hopeful, of course."

A company official said a barrier of gas prevented rescue crew from reaching 55 of the men who had been working 13,000 feet from the pithead. The others were believed scattered in other parts of the mine.

Through the night and into the morning, survivors bled out of the mine portal and through lines of waiting, anxious relatives.

Some of the survivors were injured and had to be helped or carried out by rescue crews.

A silent crowd shivered in a cold drizzle through the night as five-man teams of dragnetmen—volunteer mine rescue workers—sifted rock and debris from dust-choked tunnels.

The dragnetmen were respirators. One of the first survivors to come out said the "bump"—the miners' name for underground rock shifts of explosive force—had smashed the mine ventilation system and pockets of deadly gas were forming.

The mine is the No. 2 colliery of the Cumberland Railway and Coal Co., a subsidiary of the Dominion Steel and Coal Corp., Cumberland, No. 2, adjoining the new No. 1 colliery.

The new No. 1 colliery, where an explosion and gas killed 39 persons in November 1957.

The worst mine accident in this town of 7,000 near the New Brunswick border was an explosion in 1891 that killed 125. Canada's worst mine disaster was at Hillcrest, Alta., in 1941, when 193 were killed.

The bump occurred at 8:05 p.m. Dishes tumbled from shelves in Springhill and houses also shook 14 miles away in Macoun. Veteran miners called it the worst in memory. Six smaller bumps between 1st March and Sept. 1 injured 14 men. The cause of bumps often is undetermined.

The mine slopes to a depth of 4,400 feet underground in a length of 14,300 feet, sometimes descending as steeply as 45 degrees. The company considers it North America's deepest coal pit.

The son of one trapped miner, Gary Embree, said he hoped that "after this" they close the mine for good—even if it means the end of Springhill.

Mayor Ralph Gilroy agreed this might be the end. The No. 2 colliery was the only mine left open.

A reporter from Halifax was killed when his car crashed at Turro as he hurried to Springhill. He was John Thompson, 22.

The first of the 88 miners to reach safety in 1950, Charlie Burton, was among the missing today. Frank Hunter, another of the 88, also was trapped and so was his twin brother Fred, but another brother, Percy, got out unhurt.

Ernest Spence lost his son in the 1950 explosion. Spence himself was missing this time.

School Bomb Scare at Hot Springs

HOT SPRINGS, Ark. (P) — The white junior high school here was searched this morning after police received an anonymous report that a bomb had been planted in the building.

Nothing was found, and police and school authorities wrote the report off as a hoax.

Police Sgt. Henry Hogg said he received a telephone call shortly after 8 a.m.

A voice Hogg described as that of a white teen-ager boy said "There's a bomb in the junior high school. Don't let the children in. I don't want to see them get hurt."

Then the caller hung up.

Pupils were not permitted in the school until it had been searched. The inspection was completed before the 8:30 a.m. starting time and classes began on schedule.

After school started, the pupils were told of the bomb report and asked to examine their desks and lockers. This inspection disclosed nothing.

Amherst, Ontario, Canada, to Nova Scotia, is the largest center of Canadian Migration.

Winners in 4-H Club Work Named

LITTLE ROCK (AP)—Seven Arkansas 4-H Club members won state awards and will be honored at the Arkansas State 4-H Club Congress here on Nov. 14-15.

The awards were announced yesterday by C. A. Vines, associate director of the Agricultural Extension Service, University of Arkansas.

The winners, and award categories, are:

Rex Lee Clark of Sayetteville, poultry; Roger Mabry of Rogers, dairy; Judy Phillips of Fort Smith, leadership; Patrice Nance of Newport, electric; Maurice Moore of Monticello, farm management; Philip Kelley of Richfield, crops; and Herby Branscom Jr. of Olin, forestry.

Twenty-seven winners in 4-H Club project work will be honored at the State 4-H Club Congress.

About 800 American Indians, mostly Mohawks, now live in the Red Hook section of Brooklyn.

No. 31660

ARKANSAS INTRASTATE FREIGHT RATES AND CHARGES

Operating conditions in Arkansas are no more favorable

than in or through the adjoining States. In several respects they are less favorable. The so-called Arkansas full-crew law requires an additional brakeman in train service, and a third helper on switch engines. This requirement cost the Missouri Pacific \$1,169,888 in wages and payroll taxes in 1953. No corresponding cost is encountered elsewhere on the Missouri Pacific's lines.

THE LAST SUCH INCREASE WAS GRANTED SEPTEMBER 18, 1958

Closing Better Than Demolishing - Faubus

LITTLE ROCK, Ark. (AP) — Gov. Orval E. Faubus said on Wednesday night it was better for Little Rock Central High School to be closed than demolished.

Faubus told a meeting of educators the South is not ready to accept integration. He closed Central High and Little Rock's three other high schools last month to avert court-ordered racial mixing of classes.

"It's better that it (Central) be empty than to be demolished, and that's what will happen when people like me are gone," the governor said.

In his address to a regional conference of the National Assn. of Guidance Supervisors and Counselor Trainers at nearby Hot Springs, Ark., Faubus also struck at the U.S. Supreme Court.

"It seems that Communists can get more consideration in the United States than a white segregationist can, sometimes," Faubus asserted.

Meanwhile, enrollment of sophomores was scheduled at the Little Rock Private School Corp.'s all-white high school today. About 240 juniors registered Wednesday.

Joseph Smith, founder of the Mormons, was killed by a mob at Carthage, Ill., in 1844.

Farmers Told

Continued From Page One

services and availability of seedlings.

Dr. Charles Wilson, assistant pathologist, mentioned that work is underway to prevent the spread of oak wilt disease — a rapid killer that is presently confined to the northern part of the state.

He listed three treatments that are being tested to evaluate their effects against the spread of oak wilt: Girdling the tree to prevent fungus mat formation, killing all trees within 50 feet of the oak-wilt tree to prevent root-graft spread and cutting the oak-wilt tree and spraying it with an insecticide.

He covered pine diseases such as fusiform rust, gave recommended controls, and alerted foresters on other diseases that are not currently present but may possibly extend into Arkansas forests.

Missouri Group Visits Hope Gin

LITTLE ROCK (AP) — A Missouri agriculture delegation yesterday completed a tour of southwest Arkansas to observe measures in fighting pink bollworms.

The five-man group visited a machine for checking gin trash at Hope, two highway inspection stations near Texarkana and a cotton gin at Lewisville.

Pink bollworms — destructive cotton pests — have been found in western Arkansas and in a few places in central and southern Arkansas. None have invaded Missouri yet, but that state has begun inspection measures in the

Rockefeller,

differences over civil rights.

Nixon himself set the stage for the teamwork display with Rockefeller. He went out of his way in a New York broadcast Thursday night to praise Rockefeller as an able administrator who offers New York "dynamic leadership."

Some observers had read into Rockefeller's absence from the dinner an implication of coolness between him and Nixon.

But the explanation from Rockefeller—who is wooing some of the Democratic voters Nixon has been lambasting as radicals—was that he simply had a long-standing prior date. His opponent is Gov. Averell Harriman, a favorite of Democrats who call themselves liberals.

"Sheer bunk... absolute fabrication," Rockefeller said, after the Nixon session, in reference to the reports of political coolness. He said he wasn't interested in the presidential nomination—only in becoming governor — and expected to serve four years.

Nixon's angle was that "we have enough things to do in '58."

Booth section.

In the Missouri party were J. R. Anderson of Jefferson City, state entomologist; Virgil Owens of Kennett, assistant state entomologist; John Riddle and Raymond House of Hayti, inspectors, and William H. Hare of Sikeston, district supervisor for the federal Plant Pest Control division.

They were accompanied by J. C. Haley, supervisor in charge of the Plant Pest Control Division at Little Rock.

Faubus Supports Democratic Drive

LITTLE ROCK (AP) — Gov. Orval E. Faubus yesterday released a letter stating his support of the "Dollars for Democrats" drive.

His letter urged newly chosen county fund chairmen to work hard to raise Arkansas' \$50,000 party quota.

"The fund ran into trouble recently because of National Party Chairman Paul Butler's criticisms of Faubus and the South in reference to civil rights."

Said Faubus: "We are the only state, except one, that has voted Democratic in every presidential election during the 20th century. Every Democrat in Arkansas should be proud of this enviable record."

In another development Atty. Gen. Bruce Bennett said yesterday that Southerners have no intention of abandoning the Democratic Party, despite the growing rift with Butler.

Bennett told the Young Democrats Club of Little Rock University that Butler "perhaps believes himself to be appointed rather than appointed."

Street signs in Kingsville, Ohio, are adorned with crowns

Pope's Crown Is Polished, Ready

VATICAN CITY (AP) — The richly jeweled triple crown of the pope has been cleaned and polished for the coronation of its next wearer.

Vatican sources said the bee-hive shaped crown was taken Wednesday to a Rome goldsmith, who worked in the presence of two priests. It was returned to the Vatican a few hours later.

The tiara is the most precious of the three papal crowns in the Vatican. It was made for the coronation of Pope Pius IX in 1846.

British Drop Labor Dispute Arbitration

LONDON (AP) — The British government is abolishing compulsory arbitration for labor disputes. Labor Minister Iain Macleod announced Wednesday night the seven-year-old act setting up industrial tribunals with legally binding powers will be brought to an end in six months.

Employers have complained that the compulsory arbitration, though easily enforced against a company, could not easily be applied against workers.

Truman Backs

Continued From Page One

out of the party.

And, as he told the Boston rally last night, some of the finest Democrats in the country live below the Mason-Dixon Line.

Some times, he said, some of them "don't think right."

For instance, he argued, unless the United States settles this civil rights problem, it is in danger of losing its position as the leader of the free world.

He argued that Eisenhower should have done more than "explores" the "83 instances of bombings of schools, homes and religious institutions traceable to the desegregation conflict."

"The President," he added, "has a moral responsibility in the matter and must exercise active, affirmative leadership."

Arkansas Hounds Dominate Trials

BOONEVILLE, Ark. (AP) — Two foxhounds from local kennels dominated the second day of the Arkansas Foxhunters Assn.'s annual field trials near here yesterday.

Princess, owned by Billy Ray

Johnson of Booneville, took first place in derby sals for hounds under two years of age.

Victor, entered by Willie Bragg of Booneville, won second place.

Today will see the finish of the four-day event.

At a business meeting yesterday Woodrow West of Pine Bluff was elected president of the organization. He succeeds Sam Alkinson of Conway.

Perry McNeill of Little Rock was re-elected secretary.

Swamp Fire, tentative winner of the bench show Monday, was eliminated from the field trials yesterday and thereby forfeited the bench show trophy.

NEW CHRYSLER '59

the lion-hearted car that's every inch a new adventure

In the style that set the standard for an industry: Chrysler New Yorker 4-door Hardtop

The adventure starts the moment you see this lion-hearted Chrysler '59. From its regal new grille to its chamfered roof to its gently rising fins, Chrysler keeps its beauty simple!

Let Chrysler's new Swivel Seat turn with you as you ease behind the wheel. Feel it lock securely into place. Measure Chrysler's new dimensions of leg, head and hip room. Look around you through tempered safety glass windows.

Judge the strength of the new Golden Lion engine. Feel how True-Level Torsion-Aire Ride calms the road. Set Chrysler's Auto-Pilot. This optional driver-assist holds and patrols your speed, lets you cruise with your foot off the accelerator.

See this lion-hearted Chrysler. Your Chrysler dealer has 15 new models in a wide price range.

LION-HEARTED CHRYSLER '59

New Swivel Seat! Available in '59, this Chrysler exclusive turns in and out with you as you enter and leave the car. Combines convenience with comfort.

New Golden Lion Engine! Puts out more power, more torque per pound than any Chrysler engine in history. Choice of 305, 325 or 350 horsepower.

New True-Level Torsion-Aire Ride! An exclusive Chrysler extra that combines the comfort of air suspension with the control of torsion bars.

NUNN-PENTECOST MOTOR CO. 901 E. 3rd St. Hope, Ark.

Coaches Worried as Cats Go to Magnolia Tonight

The Hope Bobcats go to Magnolia tonight for a district contest against the Panthers at 7:30.

The single wing Panthers will weigh just about the same as the Hope eleven and will be going all out to upset the Bobcats in a homecoming affair.

Coches Pierce, Sevier and Beasley and the players "really appreciate interest shown by some 'tiger fan' as reported in a Little Rock newspaper Thursday. If a fan should be that interested in the team looks like he would come to the coaches and get the straight information," the coaches feel.

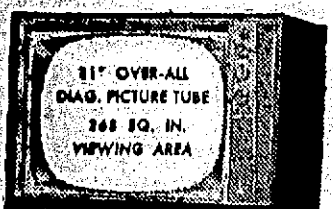

"We will go to Magnolia without the services of tackle Bobby Embury, who has a charley horse; Joe Jones, who has an infected leg; Roy Rowe is still a doubtful with an injury he received at Cross-sell," the coaches said.

Incidentally, Roy plays defensive end and not linebacker, as reported by the state newspaper, the Coach said, indicating, "I agree with the article where it said he was tough but that doesn't help if he is injured," Pierce said.

"This will be Magnolia's homecoming and the Hope boys will be in for a rough night. We coaches feel sorry for our boys because the Panthers will be up that much more after such a praising write-up about Hope," Pierce said.

"We haven't looked too good in practice this week trying to defend their single wing attack and it may be sad for us Friday night if we can't solve this formation quick. We'll be satisfied for a one point win."

Magnolia is tough on defense with their tall rangy linemen who tip the scales at 170 to 180 pounds. Then again, No. 75, Johnson, their tailback, is one of the best in the district. We simply can't agree that Hope will have an easy time when we know Magnolia always

Fishing Report Around Arkansas

A fishing report and forecast from the Arkansas Game and Fish Commission.

Lake Ouchita: Water clear. Black Bass fair on live and artificial bait; bream good on worms and crickets.

Lake Hamilton: Water clear. Bream good on worms and crickets; black bass fair on good artificial bait; crappie fair on live bait.

Lake Catherine: No report.

Lake Conway: Water clear. Bass good on artificial bait; crappie fair on minnows.

Lake Norfork: Black bass fair on artificial bait and crappie, trolling; white bass and crappie fair on artificial bait.

Bull Shoals Lake: No report.

Lake Greason: Largemouth bass good on plastic worms; white bass good on topwater lures when schooling, early and late.

Tough Week for College Hot Shots

By JACK CLARY
Associated Press Sports Writer

The handwriting is on the wall for these college football hot shots who think it may be an easy weekend.

Previously undefeated and 10th-ranked Clemson lost 26-6 to South Carolina Thursday in their annual State Fair Game. Clemson also lost the Atlantic Coast Conference lead to Wake Forest, which has a 2-0 conference record and meets North Carolina on Saturday. Clemson is 3-1 in the ACC.

The big game Saturday is at Pittsburgh, where unranked and 10th-ranked Army meets Pitt in a game regionally televised in the East. Pitt is a seven-point underdog but faces an Army squad which is minus starting fullback Harry Walters and whose star halfback Pete Dawkins is badly limited by a severe charley horse.

The Lambert Trophy, which goes to the Eastern champion, hangs in the balance.

In the Big Ten, second-ranked Ohio State, undefeated in four games, meets once-beaten Wisconsin, while undefeated Northwestern (No. 8) plays ninth-ranked Iowa (3-0-1). A victory for Northwestern and a loss by Ohio State would give the Wildcats a commanding 3-0 conference record.

The Southwest has its key game when fourth-rated Texas travels to Rice. Rice is 2-0 in the conference, tied with Idaho Texas Christian (No. 18), while Texas is undefeated in five games and 1-0 in conference play.

Third-ranked Louisiana State (No. 3), with a possible Southeastern Conference title game next week against sixth-ranked Mississippi meets ever-dangerous Florida in an SEC game, while the Rebels play winless Arkansas in a non-conference tilt.

Auburn (No. 5) goes after a new three-time shutout victim.

Two Big Eight games pit ninth-ranked Oklahoma against Texas Tech, are 3 games to be played, will start at 6:30 p.m.

Winless Porks Will Be Minus Key Players

FAYETTEVILLE, Ark. (AP)—The winless Arkansas Razorbacks leave today for Hot Springs and a pregame workout before colliding with undefeated Mississippi.

No one should be surprised if a low-flying cloud of gloom accompanied the bus that will carry the Parkers from Fayetteville to the resort city.

Coach Frank Broyles declared after yesterday's practice session that his team would enter the field at Little Rock tomorrow "under the worst set of circumstances of any game I've ever coached."

Three of his first string players have been hit by influenza. And center Barry Switzer of Crosett nursing a shoulder injury, had to practice at half speed yesterday.

End Bill Tramm of Wilson and guard Bill Luplow of Parkin are in the infirmary with flu. Fullback Dominic Stone, the third sufferer, is on his feet but watched yesterday's workout from the sidelines.

"Everything is against us," Broyles lamented. He expressed concern over the probability that Ole Miss will be especially fired up because of two consecutive losses to Arkansas.

The Porks will practice tonight at the Hot Springs High School field and leave for Little Rock a few hours before kickoff time tomorrow.

In the enemy camp at University, Miss., things appeared bright yesterday. The Rebels worked full-speed on kicking and punt returns and reviewed the week's drill session with an eye to breaking that Arkansas tie.

Mississippi boasts a 3-0 record. It's just the reverse for the Razorbacks.

A 38-man Ole Miss squad will leave by plane this afternoon and work out briefly in War Memorial Stadium after the arrival at Little Rock.

Coach Johnny Vaught named left tackle Rudolph Smith of Philadelphia and Hanson Chubbwell of Lucedale as co-captains for the clash.

ranked Oklahoma against Kansas State, while 13th-rated Colorado is a four touchdown choice over Nebraska.

The Midwest regional TV game will meet Sunday at the Community Center. All veterans are asked to meet to discuss some very important matters, Lee Tyn announced. The meet is set for 2 p.m.

World War Veterans Barracks 558, will meet Sunday at the Community Center. All veterans are asked to meet to discuss some very important matters, Lee Tyn announced. The meet is set for 2 p.m.

Seventeenth-ranked Georgia Tech, raring to go after tying Auburn last week, invades Dallas Cotton Bowl to play Southern Methodist, while Navy (No. 18) travels to Philadelphia to meet Penn.

The Capbyars, which looks much like a guinea pig but grows to be as big as a true pig, is the world's largest rodent.

Sports in Brief

BROWNVILLE, Tex. (AP)—Most fishermen took about the fish they catch.

But Hal Roche believes he caught the world's smallest tarpon. The fish was 4 1/2 inches long and weighed three ounces.

Local sportsmen said they could not remember a tarpon that small being caught on a line before. Most are measured in feet.

Roche said he was going to have the fish mounted.

BOWLING GREEN, S.C. (AP)—Police said a bandit took a 100 pound strong box — containing 5 cents in cash — from the Bowling Green post office.

JUNCTION, Tex. (AP)—Adm. Owens of the U.S. Southwest Texas Ranger force is offering a \$507 reward for information leading to the arrest of whoever is robbing stores and cars. Charles Evans, radio station KMBL owner and organizer of a crusade to exterminate the pests, said more than 50 animals have been released this week.

CHEVROLET SAYS NEW LIKE NOBODY ELSE!

Let your eyes linger over Chevrolet's fresh, finely shaped contours. Relax in the roominess of its elegant new interior, get the exhilarating feel of its hushed, silken ride. No other car says new like this one!

Here's the car that's definitely new in a decidedly different way. The '59 Chevy is shaped to the new American taste with new Slimline design. It brings you a roomier body by Fisher, vast new areas of visibility. There's a new Magic-Mirror finish that needs no waxing or polishing for up to three years. A new Hi-Thrill 6 and a wide choice of vigorous V8's. Bigger, safer, stopping brakes. An even smoother ride. At your Chevrolet dealer's right now!

definitely new, decidedly different! The new Impala 4-Door Sedan, like all new Chevies, has Safety Plate Glass all around.

Baseball's Tom Serrick in Comeback

PHILADELPHIA (AP) — Baseball's Tom Serrick is coming back to Philadelphia and there isn't a happier coach in the game. Serrick, who has made his permanent home here since his rookie day in 1951, was named pitching coach of the Phillies by Manager Eddie Sawyer Wednesday.

He had been with Birdie Tebbets in Cincinnati since 1953, but as been available since Birdie's resignation as Redlegs' manager. "My first concern was to stay in baseball and I am joining a fine organization. Then, to, it's nice to be able to live at home. The bigger your family gets, the harder it is to move them for the baseball season," the 43-year-old mound veteran said.

Serrick, his wife and six youngsters live in suburban Havertown. Responsible in some measure for past successes with such Cincinnati veterans as Hal Jeffcoat, Hersell Freeman, Brooks Lawrence and Bob Purkey, Serrick has high hopes he can help the Phils.

"There are a lot of good arms on the club," he said. "With youngsters like Don Cardwell, Seth Morehead and Jim Owens, and with Robin Roberts on the right track, it could be a fine staff."

"What happened this year (the Phillies finished in last place) I don't know, but there are many things about baseball which defy explanation. I just hope I can contribute something."

Auburn Tied But Adds to Prestige

By THE ASSOCIATED PRESS

Auburn had its long winning streak broken by a 7-7 tie with Georgia Tech last week, but that didn't stop the Plainsmen from adding to their prestige as a spirited defensive football unit.

The Plainsmen now lead the nation's major colleges in rushing defense, passing defense and total defense, the first time any team has set the pace in all three departments.

Auburn is ahead of its championship pace of last year. It has allowed an average of 48.3 yards a game rushing and 44.8 yards passing for a total of 93 compared with its respective figures of 65.6, 72 and 147.8 a year ago at this time. The current total defense is the best since the 1947 Penn State team's four-game average of 69.8. Figures were released today by National Collegiate Athletic Bureau in New York.

Only two teams — Oregon and Mississippi — have allowed fewer points than Auburn. Oregon has yielded 32 points, and Mississippi 34. Auburn and Colorado are next with 35 each, followed by Army with 36 and LSU with 37.

Auburn achieved the pass defense lead despite the fact Tech completed 8 of 10 passes Saturday. They were good for only 71 yards, however, Purdue, climbing from fifth to second in total defense, held Michigan State to 38 rushing yards and 65 through the air.

Tulsa, rolling for 561 yards in swamping Drake Saturday for the best offensive performance of the week, also turned in the best defensive performance. It held the Jowans to minus two yards on and to move from fourth to second in rushing defense.

Syracuse jumped from 39th to 10th in total defense by limiting Nebraska to 11 yards rushing and 30 passing.

RADIOLOGIST DIES
COLCHESTER, England (AP) — Brig. D. B. McRigor, 73, consultant radiologist to the British Army, died here Wednesday.

McRigor had lectured in the United States and also been awarded the American Legion of Merit for aid to the U.S. Army in Europe.

The cause of death was not announced.

WMS Has Royal Service Program Monday
The WMS of the First Baptist Church met on Monday afternoon at the church for the Royal Service Program with Circle 1 in charge. Nineteen were present.

Miss Lillie Butcher, program chairman, voiced the opening prayer, followed with all singing, "For A Thousand Tongues To Sing," hymn for the year. The theme for the afternoon was "Our Great Redeemers Praise in the Philippines," giving discussions were Mrs. Watson White Jr., Mrs. H. W. Butler, Mrs. Harrell Hines, Mrs. R. W. Burkett and Mrs. Lester Steed. The program closed with the singing of the last two verses of the opening hymn.

regular meeting at the Teen Age Club on Monday afternoon. The girls enjoyed learning about Brownies and the flag ceremony. Prayer was given at refreshment time by Kay Vandiver.

Verna Oglesby, hostess, was assisted by her mother, Mrs. Dawson Oglesby, in serving to Brownies Helen Friend, Gail Graham, Gilda Fay Hines, Janice McAnally, Glenda Smith, Susan Ward, Ginny Gray, Sandra Kay Anderson, Charlotte Arnold and Dorothy Covington. Mrs. J. C. Hines, Brenda Hines and Mrs. Aubrey Anderson.

WSSC Has Bible Study

WSSC of the First Methodist Church met Monday afternoon at the church for a study on "Isaiah Speaks."

Miss H. H. McKenzie, secretary of missionary education, presided and the meeting was opened with the song "Holy, Holy, Holy." Prayer was offered by Mrs. McKenzie after which she gave the introduction of the study. The devotional on "Isaiah's Call" was given by Mrs. Alfred DeBlanc. Mrs. McKenzie spoke on "Isaiah's Religious Teachings." The meeting adjourned with a meditation and prayer.

The second study will be held on Oct. 27 at the church with Mrs. B. A. DeLamar in charge.

A. L. and Mrs. Bonnie Munn and son of Alexandria, La. have been the guests of Mr. and Mrs. Sewell Munn. They were enroute to Chanute Air Force Base where he will receive six months training.

Mr. and Mrs. J. E. Newberger and Miss Patsy Nelson of El Dorado were the weekend guests of Mr. and Mrs. J. W. Bradley.

Mr. and Mrs. Rodney Hamilton and Howard of Bossier City, La., visited Mr. and Mrs. R. S. Hamilton during the weekend.

Mr. and Mrs. Scott Smith and Scott Jr. have returned to Little Rock after a visit with Mr. and Mrs. John W. Davis and Mrs. Robbie Wilson.

Mrs. Lera Johnson of Sherman Texas visited her mother Mrs. J.

Potatoes Steal Food Spotlight for Weekend

By THE ASSOCIATED PRESS

Potatoes, a staple of the American diet since colonial times, steals the food spotlight this week with prices hammered down by a swelling fall crop.

Government expert look for a crop of about 176½ million hundredweight, or roughly 12 per cent above last year and 16 per cent above the recent average. The bumper supply steepens the

B. Munn, over the weekend.

Mrs. Dallas Atkins spent last week in Little Rock.

Mr. and Mrs. J. M. Plyler of Dallas were weekend guests of Mr. and Mrs. Al Plyler.

Weekend guests of Mr. and Mrs. Jodie Garner were Rev. and Mrs. Ray Hall and Mr. and Mrs. Garland Dickerson of Little Rock.

Miss Fay Buchanan spent the weekend in Sheridan with relatives and friends.

Mr. and Mrs. Shell Blakely and daughter of Little Rock have been the guests of her parents, Mr. and Mrs. W. C. Woosley.

normal seasonal dip in prices. Americans now eat more than 80 pounds of white potatoes per person every year, with nearly two-thirds of the supply from the fall crop. The yearly total is as much as all other vegetables combined on a poundage basis.

Meat specials in the supermarkets and neighborhood grocery stores are cried this weekend. Beef cuts ranging from chuck roast to steak appear slightly more numerous than pork as meat men await a drop in pork prices due to increased marketing of hogs in recent weeks.

Eggs are down 2 to 6 cents a pound in a few places, but other prices are relatively stable. Small and medium eggs are the best bet for the housewife planning to whip up an omelet because price margins between the smaller and larger sizes are unusually wide.

Other outstanding vegetable buys, spinach, Swiss chard, carrots, cooking greens (kallards, kale, etc.) and pumpkins.

Apples are outstanding in the fruit department. Pears from Western orchards also are a good buy, while prices are being shaved on California oranges and lemons.

Europe's Gynsies revere Sarah, handmaiden to the mother of the Apostles John and James as the mother of their race.

Belgium produces begonias in about the same quantity that the Netherlands produces tulips. Most of them are exported to the United States.

Death Sentence in Hamm Slaying

TEXARKANA, Ark. (AP)—Roger Bone, 27-year-old Negro, was sentenced here yesterday to die in the electric chair Dec. 30 for the robbery slaying of an elderly white farmer.

A Miller Circuit Court jury convicted Bone last month of first degree murder in the May, 1936 killing of M. R. Hammit, 76, of Miller County.

Judge Lyle Brown set the execution date.

Harold Flowers, defense attorney for Bone and three other Negroes charged in the slaying, said he would appeal Bone's conviction to the Arkansas Supreme Court. Filing of an appeal would stay the execution.

Flowers said he expects to file an appeal this week to the U.S. Supreme Court in the case of James Moore, first of the four Negroes to be tried and convicted. Moore is scheduled to be electrocuted Oct. 31. The remaining defendants are James Boyd and Willie Byrd, slated for trial next month.

Sounds are heard much easier in damp air than in dry air.

Negro Surrenders in Hughes Slaying

WEST MEMPHIS, Ark. (AP)—A 19-year-old Negro, who earlier had escaped arresting officers at Hughes, telephoned police here yesterday and surrendered in connection with the slaying of a white night watchman.

Sheriff Cecil Goodwin said the Negro, Lawrence Gene Moore, was taken into custody and jailed at Marion.

The sheriff said Moore implicated Robert Cutler, 28-year-old Hughes Negro, in the Sept. 19 fatal shooting of Ross L. Nichols at the Dabbs Elementary School here.

Moore also told police that a .38 caliber pistol used in the slaying had been tossed into Ten-Mile Bayou here. The weapon was recovered.

Cutler is being held in jail at

Forrest City. He and Moore were arrested at Hughes in connection with a grocery store burglary there. Moore escaped after the arrest.

Sheriff Goodwin said both Moore and Cutler admitted breaking into the school but each one claimed the other did the shooting.

Centigrade and Fahrenheit thermometers read about the same at 39 to 45 degrees below zero.

The U.S. Constitution contains nothing about education, leaving the matter to the individual states.

The Story of 2 TRAINS THROUGH ARKANSAS

This is the **FULL-CREW 'SAFETY SPECIAL'**

This is the **'OFFICIAL' FEATHERBED SPECIAL**

EVERY MEMBER OF THIS CREW IS VITAL TO MAINTENANCE OF SAFETY AND SERVICE

The Eastern railroad interests want to take away our railroads' only effective safety devices—men! They want to do this at a cost in safety and service—and \$3,000,000 a year extra profits.

Four Arkansas railroads pay their 43 top executives an average of more than \$52,000 a year! They don't live in Arkansas, pay taxes in Arkansas, or spend their salaries in Arkansas. In addition, there are hundreds of "officials" who never move a train, guard a crossing, or save a life.

MO-PAKS HIGH SALARIED EXECUTIVE CORPS

THE SAFETY CREW

No automatic equipment has been invented that can take the place of the brakeman. No equipment can serve as the eyes and ears of a brakeman at the caboose when another train is coming through a series of signal lights that has failed. No equipment can smell the burning grease of a hot box that can cause the tragedy of a train wreck. No equipment can stop a car loaded with Arkansas teenagers trying recklessly to beat a train to a crossing. But a brakeman can!

Only our full crew laws stand between the citizens of Arkansas and thousands of unguarded crossings during hazardous switching operations. Our full crew laws guarantee manpower to perform inspections of heavy, dangerous equipment. They guarantee adequate service, saving shippers money in prompt handling of freight cars.

WHAT IS A FULL CREW?

Only six men make up a "full crew" on long trains under Arkansas law. They handle up to two miles of cars . . . loaded with millions of dollars worth of freight . . . yielding from \$100,000 to \$150,000 in revenues per train to the railroad! Nowhere else in our economy are so few responsible for so much.

Railroads cut their work force 27 percent in the last 10 years, yet the ratio of officials increased by 94 percent! The real burden of the railroads is the "crew" of highly paid, featherbedding executives.
